Arizona Scholastic Clay Target Program (SCTP) Guidelines

The following are general guidelines used by Arizona SCTP to provide the best environment possible for instruction and growth for both participants and instructors. Specific safety rules and practice and event guidelines are included in separate documents to students and parents.

AZGFD and Instructors are committed to:

- Providing a quality educational experience in Shotgun Sports to youth 9-19 years of age.
- Providing youth with quality educational instruction on a limited basis.
- Providing youth an organized format for training.
- Providing youth with the necessary equipment, on a loaner basis, to participate in the program.
- Providing youth with the opportunity to participate in local, state and national competitions.

Participants must:

- Have a parent or guardian present at events or training programs.
- Understand that the purpose of participating in the SCTP is to receive quality instruction on shotgun shooting and participate as a team with your local gun club.
- Understand that the organized training sessions are for instruction purpose and only a limited amount of resources will be available for the participants (i.e., ammunition, targets, etc.)
- Accept instruction from a certified SCTP Instructor in an organized SCTP activity.
- Understand the Lead SCTP Instructor can issue warnings to participants for violations associated with providing instruction (i.e., unsafe practices, failure to follow instructions, etc.).
- Understand the Lead SCTP Instructor can remove or suspend a participant for violations associated with guidelines for SCTP training and events.
- Understand the safety rules and code of conduct.

I understand that my child/children are bound by the guidelines set forth and I as their parent or guardian agree to these guidelines as well.
